

Vasco Hooiveld

Audio & Game Designer

I'm Vasco, a skilled Audio and Game Designer with 3+ years in game development and more than seven years producing my music. I seek a challenging position to utilize my expertise in creating immersive audio experiences and captivating gameplay. I have a proven track record of delivering high-quality sound design and implementing gameplay mechanics. Passionate about pushing the boundaries of interactive entertainment. Eager to contribute to a dynamic team and contribute to the success of innovative projects. Check out my Portfolio for more information.
